SUMMARY

Passionate Computer Science student seeking an entry-level Web Developer role to leverage skills in HTML, CSS, JavaScript, Python, SQL, and Flask to develop responsive, user-friendly web applications and contribute effectively to software development projects.

EXPERIENCE

Sconex Software Solutions, AI Intern 04/2026 – 06/2026 | Vishakhapatnam

- Assisted in preparing and annotating image datasets using Roboflow to support AI-powered computer vision model training for a Coca-Cola retail analytics project.
- Evaluated AI model predictions by identifying correct and incorrect detections, contributing to data quality improvement and enhancing overall model performance.
- Collaborated with cross-functional teams to understand the end-to-end AI development lifecycle, including data preparation, model validation, and real-world deployment in an Agile environment.

EDUCATION

B-Tech Computer Science, Avanthi Institute of Engineering 2023 – Present | Narsipatnam
CGPA: 8.5

Class-12, Thandra Paparaya Junior College 2021 – 2023 | Bobbili
Percentage: 97.4%

PROJECTS / OPEN-SOURCE

Personal Portfolio Website

HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website to showcase skills, education, experience and projects.
- Implemented navigation, hero section, project cards, skills section, education and contact sections using HTML and CSS.
- Added GitHub, LinkedIn and Resume links for professional accessibility.
- Deployed the website using GitHub Pages.

AI-Resume-Analyzer

Python, HTML, VS Code, Flask

- Developed a web-based AI Resume Analyzer using Python and Flask to upload PDF resumes and extract text automatically.
- Implemented ATS match score calculation by comparing resume content with job descriptions using scikit-learn and text similarity techniques.
- Designed a user-friendly interface with HTML and CSS, enabling resume upload, job description input, and instant analysis results.

SKILLS

Programming Languages

Python, C

Libraries/Frameworks

NumPy, Pandas, Flask

Tools / Platforms

GitHub, VS Code, Excel

Databases

MYSQL, SQL

Web Technologies

HTML, CSS,
JavaScript(Basics)

CERTIFICATIONS

AI For Beginners

HP LIFE.

Cloud Computing

NPTEL.

HONORS & AWARDS

Elite + Silver, NPTEL

Certification in the "Cloud Computing" course by IIT Kharagpur.
